May 2022

Dear Valued Community Children's Resource,

On behalf of the Illinois Elks Children's Care Program, Champaign-Urbana Elks Lodge #2497 and Danville Elks Lodge #332, I want to invite you to inform families about our free clinic opportunities. The Elk's program provides orthopedic assessments and necessitated prescription financial assistance for children and young adults' ages newborn to eighteen. The clinic focuses on addressing pediatric issues such as; scoliosis, ambulatory impingements due to the feet, ankles or legs, upper and lower body pain, as well as other various tendon, joint, muscle, and bone related hindrances.

The clinic is held four times a year at the OSF Children's Hospital of Illinois multi-specialty clinic at the OSF HealthCare Heart of Mary Medical Center, 1405 West Park Street, Suite 306, Urbana, IL. Dr. James McKechnie examines and assesses children's physical health, then provides a prescription when necessary. The Elks assist with treatment costs if the family cannot meet the expenses. *There is no charge for the exam.*

Appointments are necessary for the clinical exams and can be scheduled by calling the Elks Children's Care Program at 1-800-272-0074 on weekdays from 9 a.m. to 4 p.m. Our next clinic date will be held on Wednesday, June 8, 2022 from 8:30 a.m.-10:30 a.m.

The Elks clinic is funded by contributions from members of the lodges of the Illinois Elks Association. The organization offers free clinics in 15 Illinois locations on a rotating basis. We appreciate your help with assisting children and their families in getting the aid that they need. Please contact us with any questions or if you have recommendations for future community contacts.

Please check out our web site for clinic history and future dates: www.illinoiselksccc.org.

Sincerely,

Bill Block
Administrator
